*Host-Home & Private-setting Housing  
for Patient-Families*

**With the Pandemic becoming endemic,  
there remains an urgent, ongoing need in  
'The City of Brotherly Love'  
for low-cost patient-family lodging.**

Magnificent patient-family hospitality houses like the Hope Family Lodge and Philadelphia Ronald McDonald House have had to decrease the types and numbers of families which may stay at their wonderful facilities.

Do you or someone you know have a housing unit to donate to help a patient-family?

HOSTS for HOSPITALS is a nonprofit agency which in July will begin its 23rd year of providing deeply discounted lodging and support at volunteer-Host and Private-Setting housing as a caring response to the lodging needs of patients and their families who come to Greater Philadelphia for specialized medical care.
