

HOSTS for HOSPITALS

Host-home and Private-setting Housing for Patients & Families

SERVICES DURING THE PANDEMIC: March 2020-December 2022

Guest nights provided: 20,950

Patient-families lodged: 402

Housing Units Utilized: 137

Estimates Hotel Fees Saved: \$1,976,402

During the pandemic there is a particular need for '**Private-housing**': hotels, AirBnBs, in-law suites, cottages, corporate apartments and vacant residences when people are away, e.g., as 'snowbirds', at the shore, and when at other second homes.

AGENCY GOALS IN 2023

To continually grow our two housing networks: (1) the **Host-home Network**, for cases where Hosts and Guests are vaccinated; and (2) the **Private-housing Network**, to lodge patient-families which have unvaccinated members, whether due to belief, the condition of the patient, or because there are young children in the family.

For this purpose we are especially interested in developing ongoing partnerships with community and business organizations.

SERVICES FROM PROGRAM START JULY 2000 THROUGH DECEMBER 2022

Guest nights provided: 158,096

Patient-families lodged: 4,076

Host-families lodging guests: over 500

Equivalent estimated hotel fees saved: \$16 million

Patient-family origins: 50 states, 90+ countries

Largest patient-family lodged: Family of ten

Longest guest stay: 18 months for family of seven

Healthcare facilities served: over 80

2019 HIGHLIGHTS (last calendar year prior to the pandemic):

Guest nights provided: 10,064

Patient-families lodged: 280
